AAC Holdings, Inc. Reports Second Quarter 2018 Results

Reaffirms 2018 Annual Guidance

BRENTWOOD, Tenn., August 1, 2018 - AAC Holdings, Inc. (NYSE: AAC) today announced financial results for the second quarter ended June 30, 2018 and reiterates its previously issued full year 2018 guidance.

Second Quarter 2018 Operational and Financial Highlights:

(All comparisons are to the comparable prior-year period, unless otherwise noted)

- Total revenue increased 27% to \$86.8 million on a comparable accounting basis (increased 11% as reported)
- Average daily inpatient revenue (ADR) increased 12% to \$841
- Total average daily census (ADC) increased to 1,157 compared with 961
- Outpatient visits increased 230% to 51,019
- Net loss attributable to AAC Holdings, Inc. common stockholders was \$3.0 million, or \$(0.12) per diluted common share
- Adjusted EBITDA increased 2% to \$14.8 million (see non-GAAP reconciliation herein)
- Adjusted earnings per diluted common share was \$0.09 (see non-GAAP reconciliation herein)

"We are pleased with the progress we have made this year as we continue to execute to plan and make strides in transforming our sales and marketing team, including opening a new admissions center and bringing on new senior leadership," said Michael Cartwright, Chairman and Chief Executive Officer of AAC Holdings, Inc. "Operations during the quarter remained very strong with the integration of AdCare going well and the continued improvements in cash collections. We remain focused on our sales and marketing efforts and feel confident we will meet our annual guidance with continued momentum entering into 2019."

Adoption of New Revenue Recognition Standard

In May 2014, the FASB issued Accounting Standards Codification Topic 606, "Revenue from Contracts with Customers" (ASC Topic 606), a replacement of Revenue Recognition ASC Topic 605. The Company adopted ASC Topic 606 on January 1, 2018 using the modified retrospective approach. Under ASC Topic 606, the provision for doubtful accounts, which historically was reported as an operating expense, is now reported as a

direct reduction to revenue effective January 1, 2018. This change in presentation reduced revenues and operating expenses by the same amount and did not have an effect on net income or earnings per share. As the Company adopted ASC Topic 606 using the modified retrospective approach, prior year periods were not recast and as such, revenues as reported for those periods are not comparable to the current year presentation. For purposes of this release, we have applied our adoption of ASC Topic 606 to the prior year period. We believe this allows for an accurate comparison of prior period revenue. Where we have used language such as "less the provision for doubtful accounts," this indicates a comparison of periods that reflects our adoption of ASC Topic 606.

AdCare Acquisition

On March 1, 2018, AAC acquired AdCare, Inc. and its subsidiaries ("AdCare"). AdCare offers treatment for drug and alcohol addiction and includes, among other things, a 114-bed hospital and 5 outpatient centers in Massachusetts, as well as a 59-bed residential inpatient treatment center and 2 outpatient centers in Rhode Island. AdCare was purchased for total consideration of \$85.0 million, subject to adjustments.

Second Quarter 2018 Financial Results

AAC breaks down its revenues between client related revenue and non-client related revenue. Client related revenue includes: (1) inpatient treatment facility services and related professional services; (2) outpatient facility services, related professional services and sober living services; and (3) client related diagnostic services, which includes point of care drug testing and client related diagnostic laboratory services. Non-client related revenue includes marketing and diagnostic services provided to third parties as well as addiction services provided to individuals in the criminal justice system.

Total revenue on a comparable accounting basis (i.e., less the provision for doubtful accounts) increased 27% to \$86.8 million compared with \$68.5 million in the same period in the prior year. Total revenue as reported increased 11%.

Inpatient treatment facility revenue, on a comparable accounting basis, increased 21% to \$66.7 million compared with \$55.1 million in the same period in the prior year. ADR increased 12% to \$841 compared with \$752 in the same period in the prior year.

Outpatient and sober living facility revenue, on a comparable accounting basis, increased 60% to \$9.0 million compared with \$5.6 million in the same period in the prior year. Average revenue per outpatient visit (ARV) decreased 56% to \$177 compared with \$403 in the same period in the prior year.

Client related diagnostic services revenue, on a comparable accounting basis, increased 39% to \$7.5 million compared with \$5.4 million in the same period in the prior year.

Non-client related revenue, on a comparable accounting basis, increased 48% to \$3.5 million compared with \$2.4 million in the same period in the prior year.

Net loss attributable to AAC Holdings, Inc. common stockholders was \$3.0 million, or \$(0.12) per diluted common share, compared with \$1.9 million, or \$(0.08) per diluted common share, in the prior-year period.

Adjusted EBITDA increased 2% to \$14.8 million compared with \$14.5 million for the same period in the prior year. Adjusted net income attributable to AAC Holdings, Inc. common stockholders decreased to \$2.2 million, or \$0.09 per diluted common share, compared with \$6.1 million, or \$0.26 per diluted common share, for the same period in the prior year. Adjusted EBITDA, adjusted net income attributable to AAC Holdings, Inc. common stockholders and adjusted earnings per diluted common share are non-GAAP financial measures. Tables reconciling these non-GAAP measures to the most directly comparable GAAP measures are included at the end of this release.

Balance Sheet and Cash Flows

As of June 30, 2018, AAC Holdings' balance sheet reflected cash and cash equivalents of \$11.4 million, net property and equipment of \$168.4 million and total debt of \$302.0 million, net of debt issuance costs of \$9.4 million.

Cash flows provided by operations totaled \$3.3 million and maintenance capital expenditures totaled \$1.1 million for the second quarter of 2018.

2018 Outlook

AAC maintains its previously issued guidance as follows:

	Full Year 2018 Guidance
	<i>(in millions, except per share data)</i>
Total Revenues	\$325 - \$340
<i>Inpatient treatment facility revenue</i>	<i>\$262 - \$266</i>
<i>Outpatient and sober living facility revenue</i>	<i>\$40 - \$46</i>
<i>Client related diagnostic services revenue</i>	<i>\$12 - \$15</i>
<i>Non-client related revenue</i>	<i>\$11 - \$13</i>
Adjusted EBITDA	\$68 - \$72
Adjusted Earnings per Diluted Common Share	\$0.75 - \$0.80

The Company now expects an annual effective tax rate of 20% to 22%, down from 24% to 26%, and diluted weighted-average common shares outstanding of approximately 24.5 million for the year.

This outlook above does not include the impact of any future acquisitions, transaction-related costs, litigation settlement or expenses related to legal defenses.

With respect to the "2018 Outlook" above, reconciliation of adjusted EBITDA and adjusted earnings per diluted common share guidance to the closest corresponding GAAP measure on a forward-looking basis is not available without unreasonable efforts. This inability results from the inherent difficulty in forecasting generally and quantifying certain projected amounts that are necessary for such reconciliations. In particular, sufficient information is not available to calculate certain adjustments required for such reconciliations, including de novo start-up and other expense and acquisition-related expenses. We expect these adjustments may have a potentially significant impact on future GAAP financial results.

Earnings Conference Call

The Company will host a conference call and live audio webcast on Thursday, August 2, 2018, at 10:00 a.m. CT to further discuss these results. The number to call for this interactive teleconference is 412-542-4144. A replay of the conference call will be available through August 9, 2018, by dialing 412-317-0088 and entering the replay access code, 10122876. The live audio webcast of the Company's quarterly conference call will also be available online in the Investor Relations section of the Company's website at ir.americanaddictioncenters.org.

About American Addiction Centers

American Addiction Centers is a leading provider of inpatient and outpatient substance abuse treatment services. We treat clients who are struggling with drug addiction, alcohol addiction and co-occurring mental/behavioral health issues. We currently operate substance abuse treatment facilities located throughout the United States. These facilities are focused on delivering effective clinical care and treatment solutions. For more information, please find us at AmericanAddictionCenters.org or follow us on Twitter.

Forward Looking Statements

This release contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements are made only as of the date of this release. In some cases, you can identify forward-looking statements by terms such as "anticipates," "believes," "could," "estimates," "expects," "may," "potential," "predicts," "projects," "should," "will," "would," and similar expressions intended to identify forward-looking statements, although not all forward-looking statements contain these words. Forward-looking statements may include information concerning AAC Holdings, Inc.'s (collectively with its subsidiaries; "AAC Holdings" or the "Company") possible or assumed future results of operations, including descriptions of the Company's revenue, profitability, outlook and overall business strategy. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results and performance to be materially different from the information contained in the forward-looking statements. These risks, uncertainties and other factors include, without limitation: (i) our inability to effectively operate our facilities; (ii) our reliance on our sales and marketing program to continuously attract and enroll clients; (iii) a reduction in reimbursement rates (or failure to pay) by certain third-party payors for inpatient and outpatient services and point-of-care and definitive lab testing; (iv) our failure to successfully achieve growth through acquisitions and de novo projects; (v) the possibility that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of an acquisition; (vi) our failure to achieve anticipated financial results from contemplated and prior acquisitions; (vii) a disruption in our ability to perform diagnostic laboratory services; (viii) maintaining compliance with applicable regulatory authorities, licensure and permits to operate our facilities and laboratories; (ix) a disruption in our business and reputational and economic risks associated with civil claims by various parties; (x) inability to meet the covenants in our loan documents or lack of borrowing capacity; (xi) our inability to effectively integrate acquired facilities; and (xii) general economic conditions, as well as other risks discussed in the "Risk Factors" section of the Company's Annual Report on Form 10-K for the year ended December 31, 2017, the Company's Quarterly Report on Form 10-Q for the period ended March 31, 2018, and other filings with the Securities and Exchange Commission. As a result of these factors, we cannot assure you that the forward-looking statements in this release will prove to be accurate. Investors should not place undue reliance upon forward-looking statements.

Average effective inpatient bed utilization ¹²	79%	80%	78%	78%

¹ Represents total client admissions at our inpatient facilities for the periods presented.

² Represents average daily client census at all of our inpatient facilities.

³ Represents average daily client census at our sober living facilities.

⁴ Average episode length is the consecutive number of days from admission to discharge that a client stays at an AAC inpatient facility and, when applicable, an AAC sober living facility.

⁵ Average daily inpatient revenue is calculated as total revenues from all of our inpatient facilities less provision for doubtful accounts during the period, divided by the product of the number of days in the period multiplied by average daily inpatient census.

⁶ Revenue per admission is calculated by dividing total client related revenue, after the provision for doubtful accounts, by new admissions.

⁷ Represents the total number of outpatient visits at our standalone outpatient centers during the periods presented.

⁸ Revenue per outpatient visit is calculated as total revenues from all of our standalone outpatient facilities, after the provision for doubtful accounts, divided by the number of outpatient visits during the period.

⁹ Client related diagnostic services revenue, as a percentage of client related revenue, includes point-of-care and client related diagnostic laboratory services.

¹⁰ Inpatient bed count at end of period includes all beds at inpatient facilities.

¹¹ Effective bed count at end of period represents the number of beds for which our facilities are staffed based on planned census.

¹² Average effective inpatient bed utilization represents average daily inpatient census divided by the average effective inpatient bed count during the applicable period.

Adjusted EBITDA, adjusted net income attributable to AAC Holdings, Inc. common stockholders and adjusted diluted earnings per common share (herein collectively referred to as "Non-GAAP Disclosures") are "non-GAAP financial measures" as defined under the rules and regulations promulgated by the U.S. Securities and Exchange Commission, each of which are defined below. Management believes the Non-GAAP Disclosures provide investors with additional meaningful financial information that should be considered when assessing our underlying business performance and trends. We believe the Non-GAAP Disclosures also enhance investors' ability to compare period-to-period financial results. The Non-GAAP Disclosures should not be considered as measures of financial performance under U.S. generally accepted accounting principles ("GAAP"). The items excluded from the Non-GAAP Disclosures are significant components in understanding and assessing our financial performance and should not be considered as an alternative to net income or other financial statement items presented in the condensed consolidated financial statements. Because the Non-GAAP Disclosures are not measures determined in accordance with GAAP, the Non-GAAP Disclosures may not be comparable to other similarly titled measures of other companies.

Management defines adjusted EBITDA as net income (loss) attributable to AAC Holdings, Inc. common stockholders adjusted for interest expense, depreciation and amortization expense, income tax benefit, net loss attributable to noncontrolling interest, stock-based compensation and related tax reimbursements, litigation settlement and California matter related expense, acquisition-related expense (which includes professional services for accounting, legal, valuation services and licensing expenses), de novo start-up and other expenses, recruitment and retention expense, employee severance expense and facility closure operating losses and expense.
