AAC HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
Unaudited

1. Description of Business

AAC Holdings, Inc. (collectively with its subsidiaries, the “Company” or “AAC Holdings”) was incorporated on February 12, 2014. The Company is headquartered in Brentwood, Tennessee, and provides inpatient and outpatient substance use treatment services for individuals with drug addiction, alcohol addiction and co-occurring mental/behavioral health issues. In connection with the Company’s substance use treatment services, the Company performs drug testing, diagnostic laboratory services and provides physician services to clients. The Company operates numerous facilities located throughout the United States, including inpatient substance abuse treatment facilities, standalone outpatient centers and sober living facilities that focus on delivering effective clinical care and treatment solutions.

2. Basis of Presentation

Principles of Consolidation

The Company conducts its business through limited liability companies and C-corporations, each of which is a direct or indirect wholly owned subsidiary of the Company. The accompanying condensed consolidated financial statements include the accounts of the Company, its wholly owned subsidiaries, and the accounts of variable interest entities (“VIEs”) in which the Company is the primary beneficiary. All intercompany transactions and balances have been eliminated in consolidation.

The Company consolidated seven professional groups (“Professional Groups”) that constituted VIEs as of March 31, 2019 and 2018. The Professional Groups are responsible for the supervision and delivery of medical services to the Company’s clients, and the Company provides management services to the Professional Groups. Based on the Company’s ability to direct the activities that most significantly impact the economic performance of the Professional Groups, provide necessary funding and the obligation and likelihood of absorbing all expected gains and losses, the Company has determined that it is the primary beneficiary of these Professional Groups.

The accompanying condensed consolidated balance sheets as of March 31, 2019 and December 31, 2018 include assets of \$1.7 million and \$1.5 million, respectively, and liabilities of \$0.6 million and \$0.6 million, respectively, related to the VIEs. The accompanying condensed consolidated statements of operations include net loss attributable to noncontrolling interest of \$2.1 million and \$1.9 million for the three months ended March 31, 2019 and 2018, respectively.

The accompanying condensed consolidated financial statements are unaudited, with the exception of the December 31, 2018 balance sheet, which is derived from the audited financial statements at that date but does not include all of the information and footnotes required by U.S. generally accepted accounting principles (“GAAP”) for a complete set of financial statements. The information contained in these condensed consolidated financial statements should be read in conjunction with the Company’s consolidated financial statements and notes thereto for the fiscal year ended December 31, 2018 included in the Company’s Annual Report filed with the United States Securities and Exchange Commission (the “SEC” or the “Commission”) on April 15, 2019. Management believes that all adjustments of a normal, recurring nature considered necessary for a fair presentation have been included. In addition, the interim financial information does not necessarily represent or indicate what the operating results will be for the year ending December 31, 2019 for many reasons including, but not limited to, acquisitions, dispositions, capital financing transactions, changes in interest rates and the effects of other trends, risks and uncertainties. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Going Concern

The Company incurred a loss from operations and had negative cash flows from operations for the year ended December 31, 2018 and the first quarter of 2019, which has contributed to limited liquidity. This resulted primarily from declines in patient census during the second half of 2018 and into the first quarter of 2019. The Company’s revenue is directly impacted by its ability to maintain census, which is dependent on a variety of factors, many of which are outside of the Company’s control, including its referral relationships, average length of stay of its clients, the extent to which third-party payors require preadmission authorization or utilization review controls, competition in the industry, the effectiveness of the Company’s multi-faceted sales and marketing strategy and the individual decisions of the Company’s clients to seek and commit to treatment. On March 8, 2019 the Company entered into an incremental senior credit facility for a principal loan of \$30 million which originally matured on March 31, 2020 and was subsequently amended to mature on April 15, 2020.

The uncertainties associated with the factors described above raise substantial doubt about the Company's ability to continue as a going concern. In order for the Company to continue operations beyond the next twelve months and to be able to discharge its liabilities and commitments in the normal course of business, the Company must do some or all of the following: (i) improve operating results by increasing census while maintaining efficiency regarding operating expenses through the cost savings initiatives implemented in late 2018 and early 2019; (ii) execute strategic alternatives related to the Company's real-estate portfolio which could include further sale leasebacks of individual facilities or larger portions of the company's real estate portfolio (iii) sell additional non-core or non-essential assets; and/or (iv) obtain additional financing. There can be no assurance that the Company will be able to achieve any or all of the foregoing.

The consolidated financial statements were prepared on a going concern basis in accordance with U.S. GAAP. The going concern basis of presentation assumes that the Company will continue in operation for the next twelve months and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business. It does not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from its inability to continue as a going concern.

3. Client Related Revenue and Non-Client Related Revenue

Client Related Revenue

Client related revenue primarily consists of service charges related to providing addiction treatment and related services, including diagnostic laboratory services. As it relates to recognizing revenue, the Company's contracts are with the individuals for whom the Company provides care. The majority of the Company's contracts with clients have a single performance obligation because the promise to deliver services is not separately identifiable from other promises in the contracts. The Company's performance obligations are satisfied over time as clients simultaneously receive and consume the benefits provided. Therefore, the Company recognizes revenue in the same period the services are performed, and there are no remaining performance obligations at period-end.

Due to the nature of the industry, there are often more than two parties to the service transactions (including customers, providers and payors), and the estimation of revenue is complex and requires significant judgment. Management estimates variable consideration using the expected value method. The expected value method is used when an entity has a large number of contracts with similar characteristics, as is the case with the Company's contracts. The transaction price is recorded based on the estimated ultimate value remaining after all uncertainty is resolved. The estimates of variable consideration are based largely on an assessment of the Company's anticipated performance as well as historical, current, and forecasted information. The Company updates its estimate of the transaction price at the end of each reporting period, and any amounts allocated to a satisfied performance obligation are recognized as revenue or a reduction of revenue in the period in which the transaction price changes.

The following tables summarize the composition of the Company's client related revenue for inpatient treatment facility services, outpatient facility and sober living services, and client related diagnostic services. Inpatient treatment facility services include revenues from related professional services, and client related diagnostic services includes revenues from point of care services as well as laboratory services.

For the three months ended March 31, 2019 and 2018 (in thousands):

	Three Months Ended March 31, 2019		Three Months Ended March 31, 2018	
	Amount	%	Amount	%
Inpatient treatment facility services	\$ 44,889	83.9	\$ 66,874	85.0
Outpatient facility and sober living services	6,454	12.1	8,946	11.4
Client related diagnostic services	2,146	4.0	2,810	3.6
Total client related revenue	<u>\$ 53,489</u>	<u>100.0</u>	<u>\$ 78,630</u>	<u>100.0</u>

Non-Client Related Revenue

Non-client related revenue consists of diagnostic laboratory services provided to clients of third-party addiction treatment providers, addiction care treatment services for individuals in the criminal justice system and services provided to third-party behavioral health providers who use the Company's digital outreach platforms.

Revenue from diagnostic laboratory services provided to clients of third-party addiction treatment providers is recognized at the point in time when the order is completed. These contracts have a single performance obligation, and the transaction price is agreed upon between the Company and the third-party lab provider to services being rendered.

Revenue for addiction care treatment services for individuals in the criminal justice system is recognized as services are provided in accordance with contracts with certain Massachusetts state agencies.

Revenue from third-party behavioral health providers who use the Company’s digital outreach platforms is recognized over time as these customers simultaneously receive and consume the benefits of the services provided. The Company’s marketing contracts typically have one performance obligation. There are no significant judgments in determining the transaction price as the price is listed in the contract and not subject to change.

4. General and Administrative Costs

The majority of the Company’s expenses are cost of revenue items. Costs that could be classified as general and administrative expenses include the Company’s corporate overhead costs, which were \$16.4 million and \$22.0 million for the three months ended March 31, 2019 and 2018, respectively.

5. Earnings (Loss) Per Share

Basic earnings (loss) per share (“EPS”) is computed by dividing net income (loss) attributable to common stockholders by the weighted-average number of shares of common stock outstanding for the period.

For the calculation of diluted EPS, net income (loss) attributable to common stockholders for basic EPS is adjusted by the effect of dilutive securities, including awards under stock-based payment arrangements, and outstanding convertible debt securities. Diluted EPS attributable to common stockholders is computed by dividing net income (loss) attributable to common stockholders by the weighted average number of diluted common shares outstanding during the period.

The following table presents the components of the numerator and denominator used in the calculation of basic and diluted EPS for the three months ended March 31, 2019 and 2018 (in thousands, except share data):

	Three Months Ended March 31,	
	2019	2018
Numerator		
Net (loss) income attributable to AAC Holdings, Inc. common stockholders	\$ (22,019)	\$ 1,056
Denominator		
Weighted-average common shares outstanding – basic	24,495,613	23,744,208
Dilutive securities	—	37,396
Weighted-average common shares outstanding – diluted	<u>24,495,613</u>	<u>23,781,604</u>
Basic (loss) earnings per common share	\$ (0.90)	\$ 0.04
Diluted (loss) earnings per common share	\$ (0.90)	\$ 0.04

For the three months ended March 31, 2019 and 2018, the Company had 27,396 and 37,396 potentially dilutive shares, respectively. These dilutive shares are not included in the diluted EPS calculation above for the three months ended March 31, 2019, because to do so would be anti-dilutive for the period presented.

6. Acquisition

On March 1, 2018, the Company acquired all of the outstanding shares of AdCare, Inc., a Massachusetts corporation (“AdCare”), and wholly owned subsidiary of AdCare Holding Trust, a Massachusetts business trust (the “Seller”) (the “AdCare Acquisition”). AdCare and its subsidiaries offer treatment of drug and alcohol addiction and own, among other things, a 114-bed hospital, five outpatient centers in Massachusetts, a 59-bed residential inpatient treatment center and two outpatient centers in Rhode Island. AdCare was purchased for total consideration of \$85.1 million, including adjustments as set forth in the Securities Purchase Agreement (the “Purchase Agreement”), by and among AAC Healthcare Network, Inc., AAC Holdings, AdCare, and the Seller. The consideration was comprised of (i) approximately \$66.8 million in cash, excluding expenses and other adjustments, (ii) approximately \$5.4 million in shares of AAC Holdings’ common stock (or 562,051 shares at \$9.68 per share), (iii) a promissory note in the aggregate principal amount of approximately \$9.6 million (the “AdCare Note”), and (iv) contingent consideration valued at \$0.5 million recorded in accrued and other current liabilities.

The allocation of assets acquired and liabilities assumed on the acquisition date, based on the fair value of AdCare, is as follows (in thousands):

	AdCare Acquisition	
Cash and cash equivalents	\$	2,700
Accounts receivable		4,357
Prepaid expenses and other assets		996
Property and equipment		15,309
Goodwill		64,556
Intangible assets		5,120
Total assets acquired		<u>93,038</u>
Accrued and other current liabilities		5,931
Long-term liabilities		2,004
Net assets acquired	\$	<u><u>85,103</u></u>

Acquisition-related costs for the transaction were recorded as acquisition-related expenses in the consolidated statements of operations.

7. Accounts Receivable

For the three months ended March 31, 2019 and 2018, no payor accounted for more than 10% of revenue reimbursements.

As of March 31, 2019, substantially all accounts receivable aged greater than 360 days were fully reserved in the Company's condensed consolidated financial statements.

Approximately \$0.9 million and \$2.2 million of accounts receivable, as of March 31, 2019 and December 31, 2018, respectively, includes accounts where the Company has received a partial payment from a commercial insurance company and the Company is continuing to pursue additional collections for the balance that the Company estimates remains outstanding. An account is written off only after the Company has pursued collection efforts or otherwise determines an account to be uncollectible.

8. Property and Equipment, Net

Property and equipment consisted of the following (in thousands):

	March 31,	December 31,
	2019	2018
Land	\$ 19,364	\$ 19,364
Buildings and improvements	162,184	161,723
Equipment and software	30,717	35,059
Construction in progress	16,236	16,413
Total property and equipment	<u>228,501</u>	<u>232,559</u>
Less accumulated depreciation	(65,456)	(65,638)
Property and equipment, net	<u><u>\$ 163,045</u></u>	<u><u>\$ 166,921</u></u>

For the three months ended March 31, 2019 and 2018, depreciation expense was \$3.6 million and \$5.1 million, respectively.

9. Leases

On January 1, 2019, the Company adopted the cumulative accounting standard updates issued by the FASB that amend the accounting for leases under ASC 842. These changes to the lease accounting model require operating leases be recorded on the balance sheet through recognition of a liability for the discounted present value of future fixed lease payments and a corresponding right-of-use ("ROU") asset. The Company's accounting for finance leases remained substantially unchanged from its prior accounting for capital leases. The ROU asset recorded for the lease represents the right to use the underlying asset over the lease term in exchange for the lease payments. When able, the Company uses the interest rate implicit in a lease to determine the present value of future lease payments. For leases where the implicit rate is not determinable, the Company uses its incremental borrowing rate. Our lease agreements do not contain any residual value guarantees or material restrictive covenants.

A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Company elected the transition requirements in accordance with Accounting Standards Update ("ASU") 2018-11, which provide a transition election to not restate comparative periods for the effects of applying the new standard. This transition guidance elected by the Company permits entities to change the date of initial application to the beginning of the year of adoption and to recognize the effects of applying the new standard as a cumulative-effect adjustment to the opening balance of retained earnings. The Company utilized available practical expedients, including the package of practical expedients not to reassess whether a contract is or contains a

lease, the lease classification and initial direct costs, as well as the expedient forgoing the separation of lease and non-lease components.

Total right-of-use assets and related operating lease obligations of \$32.9 million and \$38.0 million, respectively were recorded on the consolidated balance sheet on adoption, with no material impact to our Consolidated Statements of Operations.

The Company makes use of operating leases for property and equipment, and finance leases for equipment and vehicles. The Company's leases have a remaining life ranging from 0.5 years to 11 years, some of which contain an option to extend at the discretion of the Company.

The Company elected the transition provision of Topic 842 allowing entities to not restate comparative periods for the effects of the application of the new standard. The Topic 842 disclosures below are for the three months ended March 31, 2019.

10. Goodwill and Intangible Assets

The Company has only one operating segment, substance use and behavioral healthcare treatment services, for segment reporting purposes. The substance abuse and behavioral healthcare treatment services operating segment represents one reporting unit for purposes of the Company's goodwill impairment test. Goodwill represents the excess of the purchase price over the fair value of the identifiable net assets acquired. Goodwill and intangible assets with indefinite lives are not amortized, but instead are tested for impairment at least annually or whenever events or changes in circumstances indicate the carrying value may not be recoverable. If the carrying value of goodwill exceeds its implied fair value, an impairment loss is recorded. The Company has no intangible assets with indefinite useful lives other than goodwill. The Company performed its most recent goodwill impairment testing as of December 31, 2018 and did not incur an impairment charge.

The Company's goodwill balance as of March 31, 2019 and December 31, 2018 was \$199.0 million. The increase in goodwill during the three months ended March 31, 2018 is due to the AdCare Acquisition as shown below and discussed in Note 6. Acquisition (in thousands):

Balance at December 31, 2017	\$	134,396

11. Debt

In connection with the 2019 Senior Credit Facility further described below, on March 8, 2019, the Company entered into the Amendments to the 2017 Credit Facility together with the required lenders party thereto, Credit Suisse AG, as administrative agent and collateral agent, and the other loan parties party thereto, amending that certain Credit Agreement (the “2017 Credit Facility”), dated as of June 30, 2017, by and among the Company, Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto.

The 2017 Credit Facility requires the maintenance of a certain coverage ratio in order for the Company to be in compliance with the agreement. As of December 31, 2018, the Company would have been in violation of this covenant absent the amendment. For the aforementioned factors, and in accordance with ASC 470-10-55, due to the uncertainties noted under Going Concern in Note 2 – Basis of Presentation, the Company has classified its obligations related to the 2017 Credit Facility as current liabilities as of March 31, 2019. This reclassification has no impact on the scheduled maturities or the timing of payments related to the debt obligations.

A summary of the Company’s debt obligations is as follows (in thousands):

	March 31, 2019	December 31, 2018
Senior secured loans	\$ 346,159	\$ 317,479

2019 Senior Credit Facility

On March 8, 2019, the Company entered into that certain Credit Agreement (the “2019 Senior Credit Facility”) with Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto. The 2019 Senior Credit Facility makes available to the Company a term loan in the principal amount of \$30.0 million. The 2019 Senior Credit Facility will mature on April 15, 2020. Net proceeds from funding of the 2019 Senior Credit Facility were approximately \$23 million after the payment of fees, costs and other expenses.

The 2019 Senior Credit Facility is guaranteed by the Company's wholly-owned subsidiary, American Addiction Centers, Inc., and certain of its other subsidiaries. The obligations are secured by a first priority lien (senior to liens granted in connection with the 2017 Credit Facility) on substantially all of the Company's and each subsidiary guarantor's assets.

The 2019 Senior Credit Facility bears interest at a rate per annum equal to LIBOR (with a 1.0% floor) plus 11.00% per annum. In the event of any repayment or prepayment of the 2019 Senior Credit Facility or any acceleration of the 2019 Senior Credit Facility after an event of default, the Company must make a payment equal to 1.00% of the then outstanding principal amount of the 2019 Senior Credit Facility (the "Exit Payment") if such event occurs on or prior to the date that is nine months after the closing date of the 2019 Senior Credit Facility (the "2019 Senior Credit Facility Closing Date"). The Exit Payment will be increased by an additional 1.0% at the end of each 30-day period after the nine-month anniversary of the 2019 Senior Credit Facility Closing Date until the 2019 Senior Credit Facility matures.

The terms of the 2019 Senior Credit Facility contain certain financial covenants, including, a maximum Senior Secured Leverage Ratio of (i) 7.75:1.00 as of the last day of the fiscal quarter ending June 30, 2019, (ii) 6.50:1.00 as of the last day of the fiscal quarter ending September 30, 2019, (iii) 6.25:1.00 as of the last day of the fiscal quarter ending December 31, 2019, (iv) 5.75:1.00 as of the last day of the fiscal quarter ending March 31, 2020, (v) 5.50:1.00 as of the last day of the fiscal quarter ending June 30, 2020, (vi) 5.25:1.00 as of the last day of the fiscal quarters ending September 30, 2020 and December 31, 2020, (vii) 5.00:1.00 as of the last day of the fiscal quarters ending March 31 and June 30, 2021 and (viii) 4.75:1.00 as of the last day of each fiscal quarter ending on and after December 31, 2020. The 2019 Senior Credit Facility requires the Company to periodically report to lenders with respect to, and to comply with, the Company's operating budget. The Company is also required to (i) maintain no less than \$5.0 million at any time of cash, cash equivalents and undrawn revolving loans under the 2017 Credit Facility ("Available Liquidity") and (ii) to maintain no less than \$7.5 million of Available Liquidity for any calendar week.

Amendments to the 2017 Credit Facility

In connection with the 2019 Senior Credit Facility, on March 8, 2019, the Company entered into the Amendment to the 2017 Credit Facility together with the required lenders party thereto, Credit Suisse AG, as administrative agent and collateral agent, and the other loan parties party thereto, amending that certain Credit Agreement, dated as of June 30, 2017, by and among the Company, Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto.

The Amendment to the 2017 Credit Facility increased the interest rate on the term loans outstanding under the 2017 Credit Facility (the "2017 Term Loans") by, at the Company's option, either (i) 2.00% per annum (which shall be reduced to 1.00% per annum if the Senior Secured Leverage Ratio Condition, as defined in the Amendment to the 2017 Credit Facility is satisfied), payable in cash or (ii) 4.00% per annum, payable-in-kind. In addition, the Amendment to the 2017 Credit Facility increased the commitment fee for the undrawn portion of the revolving credit facility under the 2017 Credit Facility from 0.50% to 1.00% per annum.

If the Company has repaid all indebtedness under the 2019 Senior Credit Facility, the Amendments to the 2017 Credit Facility requires the Company to use net cash proceeds of certain asset sales and other dispositions of property to prepay outstanding term and revolving credit loans. If the 2017 Term Loans are prepaid at any time, the Amendment to the 2017 Credit Facility requires the payment of (i) a 2.00% premium if paid on or prior to the first anniversary of the closing of the Amendment to the 2017 Credit Facility and (ii) a 1.00% premium if paid after the first anniversary but before the second anniversary of the closing of the Amendment to the 2017 Credit Facility.

The Amendment to the 2017 Credit Facility amended financial covenants with respect to the Senior Secured Leverage Ratio (as defined therein) and budgeting and lender reporting covenants that mirror those contained in the 2019 Senior Credit Facility. It also restricts certain Company actions, including certain acquisitions and joint venture arrangements.

On March 1, 2018, in conjunction with the AdCare Acquisition, we secured a \$65.0 million incremental term loan commitment under the 2017 Credit Facility. In connection with the incremental term loan, we incurred \$2.6 million in deferred financing costs related to underwriting and other professional fees.

2017 Credit Facility

On June 30, 2017, the Company entered into a senior secured credit agreement with Credit Suisse AG, as administrative agent and collateral agent and the lenders party thereto (the "2017 Credit Facility"). The 2017 Credit Facility initially made available to the Company a \$40.0 million revolving line of credit (the "2017 Revolver") and a term loan in an aggregate original principal amount of \$210.0 million (the "2017 Term Loan"). As discussed further below, on September 25, 2017 the 2017 Revolver was increased to \$55.0 million. The 2017 Credit Facility also provides for standby letters of credit in an aggregate undrawn amount not to exceed \$7.0 million.

The 2017 Term Loan matures on June 30, 2023 and requires scheduled quarterly principal repayments in an amount equal to \$1.7 million for September 30, 2017, through June 30, 2019, \$3.4 million for September 30, 2019, through March 31, 2023, with the remaining principal balance of the term loan due on the maturity date of June 30, 2023. The 2017 Term Loan was fully drawn on June 30, 2017.

The 2017 Revolver matures on June 30, 2022. As of December 31, 2018, \$52.0 million was outstanding on the 2017 Revolver.

The 2017 Credit Facility also includes an incremental facility providing for the Company to incur Additional Term Loans in an aggregate principal amount of up to \$25.0 million (plus such additional amounts, so long as, after giving pro forma effect to the incurrence of such additional borrowings, the Company's Senior Secured Leverage Ratio (as defined in the 2017 Credit Facility) would be less than 3.90:1.00) (each, an "Incremental Term Loan") and/or Additional Revolving Commitments in an aggregate principal amount of up to \$15.0 million (the "Incremental Revolver"), each subject to the satisfaction of certain conditions contained in the 2017 Credit Facility, including obtaining additional commitments from existing or additional lenders. On September 25, 2017, the Company obtained its Incremental Revolver from certain incremental revolving credit lenders thereby increasing the 2017 Revolver pursuant to the 2017 Credit Facility from \$40.0 million to \$55.0 million. The lenders under the 2017 Credit Facility are not under any obligation to provide any Incremental Term Loans.

Borrowings under the 2017 Credit Facility bore interest at a rate tied to the Alternative Base Rate or the Adjusted London Interbank Offered Rate ("LIBOR") (at the Company's option, and both as defined in the 2017 Credit Facility). ABR Loans (as defined in the 2017 Credit Facility) made under the 2017 Revolver bore interest at a rate per annum equal to the Alternative Base Rate plus 5.0% per annum. ABR Loans made under the 2017 Term Loan bore interest at a rate per annum equal to the Alternate Base Rate plus 5.75% per annum. Eurodollar Loans (as defined in the 2017 Credit Facility) made under the 2017 Revolver bore interest at the applicable Adjusted LIBOR plus 6.0%. Eurodollar Loans made under the 2017 Term Loan bore interest at the applicable Adjusted LIBOR plus 6.75% (with a 1.0% floor). In addition, under the 2017 Credit Facility, the Company paid a commitment fee for the undrawn portion of the 2017 Revolver of 0.5% per annum.

Borrowings under the 2017 Credit Facility are guaranteed by the Company's wholly owned subsidiary, AAC and certain of its other subsidiaries pursuant to that certain Guarantee and Collateral Agreement, dated as of June 30, 2017, by and among the Company, each of the subsidiary guarantors party thereto and Credit Suisse AG, as collateral agent (the "Guarantee and Collateral Agreement"). The obligations under the 2017 Credit Facility and the Guarantee and Collateral Agreement are secured by a lien on substantially all of the Company's and each subsidiary guarantor's assets.

The Company is permitted to voluntarily reduce the unutilized portion of the commitment amount and repay outstanding loans under the 2017 Credit Facility at any time without premium or penalty, other than (i) customary "breakage" costs with respect to Eurodollar Loans and, (ii) with respect to the 2017 Term Loan, if certain repricing transactions are consummated or certain mandatory repayments are made, (x) a yield maintenance premium within one year after the closing as set forth in the 2017 Credit Facility, (y) a 2.0% premium if paid after the first anniversary of the closing but before the second anniversary of the closing and (z) a 1.0% premium if paid after the second anniversary of the closing but before the third anniversary of the closing.

In addition, the 2017 Credit Facility places certain restrictions on the ability of the Company and its subsidiaries to, among other things, incur debt and liens; merge, consolidate or liquidate; dispose of assets; enter into hedging arrangements; pay dividends and make other restricted payments; undertake transactions with affiliates; enter into restrictive agreements on dividends and other distributions; make negative pledges; enter into certain sale-leaseback transactions; make certain investments; prepay or modify the terms of certain indebtedness and modify the terms of certain organizational agreements.

The 2017 Credit Facility contains customary events of default, including payment defaults, breaches of representations and warranties, covenant defaults, cross-defaults to other material indebtedness, certain events of bankruptcy and insolvency, material judgments, certain ERISA events, invalidity of loan documents and certain changes in control.

During the quarter ended June 30, 2017, the Company incurred approximately \$12.9 million in debt issuance costs related to underwriting and other professional fees, of which \$7.6 million related to the 2017 Term Loan and \$5.3 million related to the 2017 Revolver.

On October 6, 2017, in conjunction with the Company's pending acquisition of AdCare, Inc., the Company secured a \$65.0 million incremental term loan commitment in conjunction with the 2017 Credit Facility, subject to customary closing conditions and regulatory provisions. In connection with the financing, the Company committed to a ticking fee that commenced on October 17, 2017, at a rate of LIBOR plus 3.375%, which increased to LIBOR plus 6.75% from November 2017, until the closing date of the acquisition.

As of March 31, 2019, the Company had fully drawn on the 2017 Revolver less \$2.9 million of outstanding letters of credit.

Subordinated Note

On March 1, 2018, in conjunction with the AdCare Acquisition, in consideration for covenants and agreements set forth in the Purchase Agreement, the Company issued the AdCare Note to the Seller, in the original principal amount of \$9.6 million, which matures on September 29, 2023 and accrues interest at a fixed rate per annum equal to 5.0%, compounded annually. Payments of principal and interest pursuant to the AdCare Note commenced on April 30, 2018 and will continue until the maturity date.

12. Financing Lease Obligation

On August 9, 2017, the Company closed on a sale-leaseback transaction for \$25.0 million (the “2017 Sale-Leaseback”), in which subsidiaries of the Company sold two drug and alcohol rehabilitation outpatient facilities and two sober living facilities: the Desert Hope Facility and Resolutions Las Vegas, each located in Las Vegas, Nevada, and the Greenhouse Facility and Resolutions Arlington, each located in Arlington, Texas (collectively, the “Sale-Leaseback Facilities”).

Simultaneously with the sale of the Sale-Leaseback Facilities, the Company, through its subsidiaries, entered into an operating lease, dated August 9, 2017, in which the Company will continue to operate the Sale-Leaseback Facilities. The operating lease provides for a 15-year term for each facility with two separate renewal terms of five years each if the Company chooses to exercise its right to extend the lease term.

The initial annual minimum rent payable from the Company is \$2.2 million due in equal monthly installments of \$0.2 million. On the first, second and third anniversary of the lease date, the annual rent will increase 1.5% from the annual rent in effect for the immediately preceding year. On the fourth anniversary of the lease date and thereafter during the lease term, the annual rent will increase to the amount equal to the CPI Factor (as defined in the Lease) multiplied by the annual rent in effect for the immediately preceding year; provided, however, that the adjusted annual rent increase will always be between 1.5% and 3.0%.

Due to the nature of the agreement, the transaction did not qualify for sale-leaseback accounting under GAAP. Therefore, the Sale-Leaseback Facilities remain on the Company’s balance sheets and continue to be depreciated over their remaining useful lives. The Company accounted for the \$25.0 million of proceeds, less \$0.4 million of transaction costs, as a financing obligation, of which \$0.1 million was classified as a short-term liability. On a monthly basis, a portion of the payment is allocated to principal, which reduces the obligation balance, and interest, computed based on the Company’s incremental borrowing rate at the time of the transaction.

A summary of the Company’s financing lease obligation is as follows (in thousands):

	March 31, 2019	December 31, 2018
Financing lease obligation: Sale-Leaseback facilities	\$ 24,516	\$ 24,542
Less current portion (included in accrued and other current liabilities)	(132)	(121)

Stock Based Compensation Plans

The Company recognized \$0.4 million and \$0.8 million in equity-based compensation expense for the three months ended March 31, 2019 and 2018, respectively. As of March 31, 2019, there was \$1.3 million of unrecognized compensation expense related to unvested restricted stock, which is expected to be recognized over the remaining weighted average vesting period of 1.3 years.

A summary of share activity under the Plan is set forth below:

	Shares	Weighted- Average Grant Date Fair Value

Employee Stock Purchase Plan

For the three months ended March 31, 2019 and 2018, the Company issued 116,532 and 27,900 shares, respectively, of the Company's common stock under its Employee Stock Purchase Plan, as amended from time to time ("ESPP").

For both the three months ended March 31, 2019 and 2018, the Company recognized \$0.1 million of compensation expense related to the ESPP.

14. Income Taxes

The provision for income taxes reflects an effective tax rate of 0.1% and 4.3% for the three months ended March 31, 2019 and 2018, respectively. The difference in the Company's effective tax rate for the three months ended March 31, 2019, when compared to the prior year, was primarily due to the change in the valuation allowance the Company now maintains against certain state and federal deferred tax assets.

15. Fair Value of Financial Instruments

The carrying amounts reported at March 31, 2019 and December 31, 2018 for cash and cash equivalents, accounts receivable, prepaid expenses and other current assets, accounts payable and accrued liabilities approximate fair value because of the short-term maturity of these instruments.

The Company has debt with variable interest rates. The fair value of this debt was measured using Level 2 inputs, including good faith estimates of the market value for the particular debt instrument, which represent the amount an independent market participant would provide based upon market observations and other factors relevant under the circumstances. The carrying value of such debt approximated its estimated fair value at March 31, 2019 and December 31, 2018.

16. Commitments and Contingencies

SEC Matter

The Company provided general accounting, finance and governance documentation in response to a subpoena received from the SEC in March 2018. Following this initial document request, the Commission requested additional information pertaining to the Company's accounting for partial payments from insurance companies, where the Company is continuing to pursue additional collections for the estimated balance. Beginning in the third quarter of 2018, the Company's Audit Committee initiated a review of the Company's accounting for these partial payments. The Audit Committee has completed this review. In connection with this review, the Audit Committee determined that the Company's change in estimate of the collectability of accounts receivable relating to partial payments was appropriate. The Commission's investigation is ongoing, and the Company is continuing to fully cooperate on this matter, including providing the Commission with information regarding the restatements of historical financial reports contained in the Company's most recent Annual Report. The Commission's investigation is neither an allegation of wrongdoing nor a finding that any violation of law has occurred. At this time, the Company is unable to predict the final outcome of this matter or what impact it might have on the Company's consolidated financial position, results of operations or cash flows.

Other Matters

The Company is also aware of various other legal matters arising in the ordinary course of business. To cover these other types of claims as well as the legal matters referenced above, the Company maintains insurance it believes to be sufficient for its operations, although some claims may potentially exceed the scope of coverage in effect and the insurer may argue that some claims, including, without limitation, the claims described above, are excluded from coverage. Plaintiffs in these matters may also request punitive or other damages that may not be covered by insurance. Except as described above, after taking into consideration the evaluation of such matters by the Company's legal counsel, the Company's management believes at this time that the anticipated outcome of these matters will not have a material impact on the Company's consolidated financial position, results of operations or cash flows.

2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements are made only as of the date of this Quarterly Report. In some cases, you can identify forward-looking statements by terms such as "anticipates," "believes," "could," "estimates," "expects," "may," "potential," "predicts," "projects," "should," "will," "would," and similar expressions intended to identify forward-looking statements, although not all forward-looking statements contain these words. Forward-looking statements may include information concerning the Company's possible or assumed future results of operations, including descriptions of the Company's revenue, profitability, outlook and overall business strategy. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results and performance to be materially different from the information contained in the forward-looking statements. These risks, uncertainties and other factors include, without limitation: (i) our inability to effectively operate our facilities; (ii) our reliance on our sales and marketing program to continuously attract and enroll clients; (iii) a reduction in reimbursement rates by certain third-party payors for inpatient and outpatient services and point-of-care and definitive lab testing; (iv) our failure to successfully achieve growth through acquisitions and de novo projects; (v) risks associated with estimates of the value of accounts receivable or deterioration in collectability of accounts receivable; (vi) a failure to achieve anticipated financial results from contemplated and prior acquisitions; (vii) the possibility that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of an acquisition; (viii) our failure to achieve anticipated financial results from contemplated and prior acquisitions; (ix) a disruption in our ability to perform diagnostic laboratory services; (x) maintaining compliance with applicable regulatory authorities, licensure and permits to operate our facilities and laboratories; (xi) a disruption in our business and reputational and economic risks associated with the civil securities claims brought by shareholders or claims by various parties; (xii) inability to meet the covenants in our loan documents or lack of borrowing capacity; and (xiii) general economic conditions, as well as other risks discussed in the "Risk Factors" section of our most recently filed Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the SEC, and other SEC filings. As a result of these factors, we cannot assure that the forward-looking statements in this Quarterly Report on Form 10-Q will prove to be accurate. Investors should not place undue reliance upon forward-looking statements.

Overview

We are a provider of inpatient and outpatient substance use treatment services for individuals with drug addiction, alcohol addiction and co-occurring mental/behavioral health issues. In connection with our treatment services, we perform diagnostic laboratory services and provide physician services to our clients. As of March 31, 2019, we operated 9 inpatient substance abuse treatment facilities located throughout the United States, focused on delivering effective clinical care and treatment solutions across 996 inpatient beds, including 616 licensed detoxification beds, 15 standalone outpatient centers, and 4 sober living facilities across 447 beds for a total of 1,443 combined inpatient and sober living beds.

Our highly trained clinical staff deploy research-based treatment programs with structured curricula for detoxification, inpatient treatment, partial hospitalization and intensive outpatient care. By applying a tailored treatment program based on the individual needs of each client, many of whom require treatment for a co-occurring mental health disorder such as depression, bipolar disorder or schizophrenia, we believe we offer the level of quality care and service necessary for our clients to achieve and maintain sobriety.

Recent Developments

Consolidation and Exit of Certain Markets and AdCare Acquisition

In the fourth quarter of 2018 and the first quarter of 2019, we took a number of steps to consolidate and exit certain of our markets, as well as reduce corporate staffing and administrative expenses and increase operational efficiency. On December 1, 2018, we ceased operations at our 36-bed sober-living center and outpatient center operations in San Diego, California, consolidating its operations with our Laguna Treatment Hospital. Also, during the fourth quarter of 2018, we announced that we were seeking strategic alternatives for our Louisiana operations, which we subsequently sold effective as of January 28, 2019.

In February 2019, we took action to reduce bed count and staffing in our Las Vegas, Nevada market, by consolidating our Solutions Recovery treatment operations into those of our Desert Hope operations. Earlier in 2018, we consolidated our Clinical Services of Rhode Island outpatient centers into AdCare's Rhode Island outpatient operations. We also consolidated our diagnostic test operations, moving our laboratory operations in Louisiana to Tennessee. During the fourth quarter of 2018 and the first quarter of 2019, we also conducted reductions in force at our corporate headquarters in Brentwood, Tennessee and at certain of our facilities.

In 2018, we acquired AdCare, a 114-bed hospital in Worcester, Massachusetts that also operates five outpatient centers in Massachusetts, as well as a 59-bed residential treatment center and two outpatient centers in Rhode Island. AdCare participates in both Medicare and Medicaid and the acquisition therefore significantly increased our company's overall participation in governmental payor programs.

Financing

2019 Senior Credit Facility

On March 8, 2019, we entered into that certain Credit Agreement (the "2019 Senior Credit Facility") with Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto. The 2019 Senior Credit Facility made available to the Company a term loan in the principal amount of \$30.0 million. The 2019 Senior Credit Facility will mature on April 15, 2020. Net proceeds from funding of the 2019 Senior Credit Facility were approximately \$23 million after the payment of fees, costs and other expenses.

The 2019 Senior Credit Facility is guaranteed by the Company's wholly-owned subsidiary, American Addiction Centers, Inc., and certain of its other subsidiaries. The obligations are secured by a first priority lien (senior to liens granted in connection with the 2017 Credit Facility) on substantially all of the Company's and each subsidiary guarantor's assets.

The 2019 Senior Credit Facility bears interest at a rate per annum equal to LIBOR (with a 1.0% floor) plus 11.00% per annum. In the event of any repayment or prepayment of the 2019 Senior Credit Facility or any acceleration of the 2019 Senior Credit Facility after an event of default, the Company must make a payment equal to 1.00% of the then outstanding principal amount of the 2019 Senior Credit Facility (the "Exit Payment") if such event occurs on or prior to the date that is nine months after the closing date of the 2019 Senior Credit Facility (the "2019 Senior Credit Facility Closing Date"). The Exit Payment will be increased by an additional 1.0% at the end of each 30-day period after the nine-month anniversary of the 2019 Senior Credit Facility Closing Date until the 2019 Senior Credit Facility matures.

The 2019 Senior Credit Facility requires the Company to prepay outstanding term loans thereunder, subject to certain exceptions, with:

- 100.0% of the net cash proceeds of certain asset sales or other dispositions of property or certain casualty events;
- 100.0% of the net cash proceeds of the incurrence of debt and issuance of Disqualified Stock (as defined in the 2019 Senior Credit Facility) other than proceeds of debt permitted under the 2019 Senior Credit Facility;
- 100.0% of the net cash proceeds of equity issuances in the event the Senior Secured Leverage Ratio (as defined in the 2019 Senior Credit Facility) is greater than 3.00:1.00, calculated on a pro forma basis, at the time of such issuance (or such lesser percentage required for the Senior Secured Leverage Ratio to be equal to or less than 3.00:1.00); and
- 75.0% (which percentage will be reduced to 50.0% if the Company's Senior Secured Leverage Ratio is not greater than 3.25:1.00 and to 25.0% if the Company's Senior Secured Leverage Ratio is not greater than 2.75:1.00) of the Company's annual excess cash flow (as defined by the 2019 Senior Credit Facility), but only to the extent that such excess cash flow for such fiscal year exceeds \$3.0 million.

The terms of the 2019 Senior Credit Facility contains certain financial covenants, including, a maximum Senior Secured Leverage Ratio of (i) 7.75:1.00 as of the last day of the fiscal quarter ending June 30, 2019, (ii) 6.50:1.00 as of the last day of the fiscal quarter ending September 30, 2019, (iii) 6.25:1.00 as of the last day of the fiscal quarter ending December 31, 2019, (iv) 5.75:1.00 as

of the last day of the fiscal quarter ending March 31, 2020, (v) 5.50:1.00 as of the last day of the fiscal quarter ending June 30, 2020, (vi) 5.25:1.00 as of the last day of the fiscal quarters ending September 30, 2020 and December 31, 2020, (vii) 5.00:1.00 as of the last day of the fiscal quarters ending March 31 and June 30, 2021 and (viii) 4.75:1.00 as of the last day of each fiscal quarter ending on and after December 31, 2020. The 2019 Senior Credit Facility requires the Company to periodically report to lenders with respect to, and to comply with, the Company's operating budget. The Company is also required to (i) maintain no less than \$5.0 million at any time of cash, cash equivalents and undrawn revolving loans under the 2017 Credit Facility ("Available Liquidity") and (ii) to maintain no less than \$7.5 million of Available Liquidity for any calendar week.

Amendments to the 2017 Credit Facility

In connection with the 2019 Senior Credit Facility, on March 8, 2019, we entered into that certain Amendment and Waiver No. 1 to Credit Agreement (the "Amendment to the 2017 Credit Facility") together with the required lenders party thereto, Credit Suisse AG, as administrative agent and collateral agent, and the other loan parties party thereto, amending that certain Credit Agreement (the "2017 Credit Facility"), dated as of June 30, 2017, by and among the Company, Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto.

The Amendment to the 2017 Credit Facility increased the interest rate on the term loans outstanding under the 2017 Credit Facility (the "2017 Term Loans") by, at the Company's option, either (i) 2.00% per annum (which shall be reduced to 1.00% per annum if the Senior Secured Leverage Ratio Condition is satisfied), payable in cash or (ii) 4.00% per annum, payable-in-kind. The Senior Secured Leverage Ratio condition, as defined in the amendment to the 2017 Credit Facility, is satisfied. In addition, the Amendment to the 2017 Credit Facility increased the commitment fee for the undrawn portion of the revolving credit facility under the 2017 Credit Facility from 0.50% to 1.00% per annum.

If the Company has repaid all indebtedness under the 2019 Senior Credit Facility, the Amendments to the 2017 Credit Facility requires the Company to use net cash proceeds of certain asset sales and other dispositions of property to prepay outstanding term and revolving credit loans. If the 2017 Term Loans are prepaid at any time, the Amendment to the 2017 Credit Facility requires the payment of (i) a 2.00% premium if paid on or prior to the first anniversary of the closing of the Amendment to the 2017 Credit Facility and (ii) a 1.00% premium if paid after the first anniversary but before the second anniversary of the closing of the Amendment to the 2017 Credit Facility.

The Amendment to the 2017 Credit Facility contains financial covenants with respect to the Senior Secured Leverage Ratio (as defined therein) and budgeting and lender reporting covenants that mirror those contained in the 2019 Senior Credit Facility. It also restricts certain Company actions, including certain acquisitions and joint venture arrangements.

On March 1, 2018, in conjunction with the AdCare Acquisition, we secured a \$65.0 million incremental term loan commitment under the 2017 Credit Facility. In connection with the incremental term loan, we incurred \$2.6 million in deferred financing costs related to underwriting and other professional fees.

On March 1, 2018, and also in conjunction with the AdCare Acquisition, in consideration for covenants and agreements set forth in the Purchase Agreement, we issued the AdCare Note to the Seller in the original principal amount of \$9.6 million, which matures on September 29, 2023 and accrues interest at a fixed rate per annum equal to 5.0%, compounded annually. Payments of principal and interest pursuant to the AdCare Note commenced on April 30, 2018 and will continue monthly until the maturity date.

The 2017 Credit Facility requires the maintenance of a certain coverage ratio in order for the Company to be in compliance with the agreement. As of December 31, 2018, the Company would have been in violation of this covenant absent the amendment. For the aforementioned factors, and in accordance with ASC 470-10-55, due to the uncertainties noted under Going Concern in Note 2 – Basis of Presentation, the Company has classified its obligations related to the 2017 Credit Facility as current liabilities as of March 31, 2019. This reclassification has no impact on the scheduled maturities or the timing of payments related to the debt obligations.

Components of Results of Operations

Client Related Revenue. Our client related revenue primarily consists of service charges related to providing addiction treatment and related services, including clinical diagnostic laboratory services. We recognize revenue at the estimated net realizable value in the period in which services are provided. For all periods presented, over 90% of our client related revenue was reimbursable by commercial payors, including amounts paid by such payors to clients, with the remaining revenue payable directly by our clients.

Given the scale and nationwide reach of our network of substance use treatment facilities, we generally have the ability to serve clients located across the country from any of our facilities, which allows us to operate our business and analyze revenue on a system-wide basis rather than focusing on any individual facility. For the three months ended March 31, 2019 and 2018, no single payor accounted for more than 10% of our revenue.

We recognize client related revenues from commercial payors at the time services are provided based on our estimate of the amount that payors will pay us for the services performed. We estimate the net realizable value of revenue by adjusting gross client charges using our expected realization and applying this discount to gross client charges. Our expected realization is determined by management after taking into account the type of services provided and the historical collections received from commercial payors, on a per facility basis, compared to gross client charges billed.

Our accounts receivable primarily consists of amounts due from commercial payors. From time to time, we may provide free care to clients, which we refer to as scholarships. We do not recognize revenue for services provided to clients on scholarships. Included in the aging of accounts receivable are amounts for which the commercial insurance company paid out-of-network claims directly to the client and for which the client has yet to remit the insurance payment to us (which we refer to as “paid to client”). Such amounts paid to clients continue to be reflected in our accounts receivable aging as amounts due from commercial payors. Accordingly, our accounts receivable aging does not provide for the distinct identification of paid to client receivables. Also included in the aging of accounts receivable are amounts where we have received a partial payment from the commercial insurance company and we are continuing to pursue additional collections for the balance that we estimate remains outstanding.

Non-Client Related Revenue. Our non-client related revenue primarily consists of service charges for diagnostic laboratory services provided to clients of third-party addiction treatment providers, addiction care treatment services for individuals in the criminal justice system and payments by third-party behavioral healthcare providers who use our digital outreach platforms. Non-client related revenue is recognized when persuasive evidence of an arrangement exists, services have been rendered, the fee for services is fixed or determinable and collectability of the fee is reasonably assured.

Provision for doubtful accounts. Substantially all of our adjustments related to collectability are considered implicit variable price concessions and are recorded as a direct reduction to revenue. The only activity that is recorded in operating expenses is bad debt related to specific customers that experience significant adverse changes in creditworthiness, such as bankruptcies.

Operating Expenses. Our operating expenses are grouped into the following major categories:

- **Salaries, wages and benefits.** We employ a variety of staff related to providing client care, including case managers, therapists, medical technicians, housekeepers, cooks and drivers, among others. Our clinical salaries, wages and benefits expense is largely driven by the total number of effective beds in our facilities and our average daily census. We also employ business development professionals and trained professionals who answer calls to our helplines. Our corporate staff includes personnel in accounting, finance, billing, marketing, compliance, human resources, IT, legal and senior management.
- **Client related services.** Client related services consist of physician and medical services as well as client meals, pharmacy and various other expenses associated with client treatment. Client related services are significantly influenced by our average daily inpatient and sober living census.
- **Advertising and marketing.** We promote our treatment facilities through a variety of channels including television advertising and internet sites, among others. While we do not compensate our referral sources for client referrals, we do have customary arrangements with third-party marketing channels in which fees are based upon the number of responses to or inquiries made in response to advertisements or other outreach efforts. We also host and attend industry conferences. Our advertising and marketing efforts and expense is largely driven by the overall bed capacity of our facilities.
- **Professional fees.** Professional fees consist of various professional services used to support primarily corporate related functions. These services include accounting related fees for financial statement audits and tax preparation and legal fees for, among other matters, employment, compliance and general corporate matters. These fees also consist of information technology, consulting and payroll fees.
- **Other operating expenses.** Other operating expenses consists primarily of utilities, insurance, telecom, employee travel and repairs and maintenance expenses and is significantly influenced by the total number of our facilities and our average daily inpatient census.
- **Rentals and leases.** Rentals and leases mainly consist of properties and various equipment under operating leases, which includes space required to perform client services and space for administrative facilities.
- **Litigation settlement.** Litigation settlement represents settlement funds and expenses incurred for activities undertaken in defense of the Company from claims and other legal matters or to resolve such matters.
- **Depreciation and amortization.** Depreciation and amortization represents the ratable use of our capitalized property and equipment, including assets under capital leases, over the estimated useful lives of the assets, and amortizable intangible assets, which mainly consist of trademark and marketing related intangibles and non-compete agreements.
- **Acquisition-related expenses.** Acquisition-related expenses consist primarily of professional fees, expenses and travel costs associated with our acquisition activities.

Key Drivers of Our Results of Operations. Our results of operations and financial condition are affected by numerous factors, including those described under “Risk Factors” and those described below:

- *New Admissions.* Our New Admissions are total client admissions at our inpatient facilities. Our ADC is directly impacted by our New Admissions.
- *Average Daily Inpatient Census (“ADC”).* We refer to the average number of clients to whom we are providing services at our inpatient facilities on a daily basis over a specific period as our ADC. Our revenues are directly impacted by our ADC, which fluctuates based on the total number of effective beds, the number of client admissions and discharges in a period and the average length of stay.
- *Average Daily Sober Living Census.* We refer to the average number of clients to whom we are providing services at our sober living facilities on a daily basis over a specific period as our average daily sober living census. Our revenues are directly impacted by our average daily sober living census, which fluctuates based on the total number of beds, the number of client admissions and discharges in a period and the average length of stay.
- *Average Daily Inpatient Revenue (“ADR”).* Our ADR is a per census metric equal to our total inpatient revenues for a period divided by our average daily inpatient census for the same period divided by the number of days in the period. The key drivers of ADR include the mix of out-of-network beds versus in-network beds, the level of care that we provide to our clients during the period and payor mix.
- *Outpatient Visits.* Our outpatient visits represent the total number of outpatient visits at our standalone outpatient centers during the period. Our revenue is directly impacted by our outpatient visits, which fluctuates based on our average daily sober living census, sales and marketing efforts, utilization review and the average length of stay.
- *Average Revenue per Outpatient Visit (“ARV”).* We refer to ARV as outpatient facility and sober living services revenue for a period divided by our outpatient visits for the same period. The key drivers of ARV include the mix of out-of-network visits versus in-network visits and payor mix.
- *Revenue Per Admission.* Revenue per admission represents total client related revenue recognized for each patient admitted to our treatment facilities. The drivers of revenue per admission include in-network or out-of-network insurance coverage, the level of care for which the patient is receiving, and the average length of stay for each patient, among other drivers.
- *Client Related Clinical Diagnostic Services as a Percentage of Total Client Related Revenue.* We refer to client related diagnostic services as a percentage of total client related revenue as client related diagnostic services revenue for a period divided by total client related revenue. Client related diagnostic services includes toxicology, hematology and pharmacogenetics testing.
- *Expense Management.* Our profitability is directly impacted by our ability to manage our expenses, most notably salaries, wages and benefits, and to adjust accordingly based upon our capacity.
- *Billing and Collections.* Our revenue and cash flow are directly impacted by our ability to properly verify our clients’ insurance benefits, obtain authorization for levels of care, properly submit insurance claims and manage collections.

Client Related Revenue

Client related revenues decreased \$25.1 million, or 32.0%, to \$53.5 million for the three months ended March 31, 2019 from \$78.6 million for the three months ended March 31, 2018.

Our client related revenue was as follows (in thousands):

	Three Months Ended March 31, 2019		Three Months Ended March 31, 2018	
	Amount	%	Amount	%
Inpatient treatment facility services	\$ 44,889	83.9	\$ 66,874	85.0
Outpatient facility and sober living services	6,454	12.1	8,946	11.4
Client related diagnostic services	2,146	4.0	2,810	3.6
Total client related revenue	\$ 53,489	100.0	\$ 78,630	100.0

Inpatient Treatment Facility Services Revenue

Inpatient treatment facility services revenue decreased \$22.0 million, or 32.9%, to \$44.9 million for the three months ended March 31, 2019 from \$66.9 million for the three months ended March 31, 2018.

The decrease in inpatient treatment facility services revenue was primarily related to a 4.3% decrease in ADC combined with a 29.9% decrease in ADR as partially offset by the full quarter benefit of revenue from AdCare, which was acquired on March 1, 2018.

Our ADC decreased 33, or 4.3%, to 740 for the three months ended March 31, 2019 from 773 for the three months ended March 31, 2018. The decrease in ADC was primarily due to lower call volumes starting in August 2018. In August of 2018, Google implemented a broad core algorithm change (the "Google algorithm change"). According to Internet marketing analysts, the Google algorithm change appears to have disproportionately negatively affected websites of healthcare and wellness companies, with many such websites becoming lower ranked, resulting in steep drop-offs of website visits. Following the Google algorithm change, our websites in the fourth quarter of 2018 generally experienced lower rankings and decreased visits, resulting in significantly fewer calls to our helpline which impacted our ADC during the fourth quarter of 2018 and resulted in a lower census at the beginning of the first quarter of 2019 compared to the beginning of the first quarter of 2018.

Outpatient Facility and Sober Living Services Revenue

Outpatient facility and sober living revenue decreased \$2.5 million, or 27.9%, to \$6.5 million for the three months ended March 31, 2019, from \$8.9 million for the three months ended March 31, 2018.

Outpatient visits increased 31.0% to 39,717 for the three months ended March 31, 2019 from 30,313 for the three months ended March 31, 2018. The increase in outpatient visits is primarily due to the AdCare Acquisition.

ARV decreased 45.1% to \$162 for the three months ended March 31, 2019 compared with \$295 for the three months ended March 31, 2018. The decrease in outpatient ARV is primarily related to the acquisition of AdCare on March 1, 2018 which has a lower ARV than the average of remaining AAC facilities.

Client Related Diagnostic Services

Client related diagnostic services revenue decreased \$0.7 million, or 23.6%, to \$2.1 million for the three months ended March 31, 2019 from \$2.8 million for the three months ended March 31, 2018.

Non-Client Related Revenue

Our non-client related revenue primarily consists of service charges for diagnostic laboratory services provided to clients of third-party addiction treatment providers, addiction care treatment services for individuals in the criminal justice system and payments by third-party behavioral healthcare providers who use our internet assets to serve potential patients who are seeking treatment. Non-client related revenue decreased \$0.7 million, or 26.4%, to \$1.9 million for the three months ended March 31, 2019 from \$2.6 million for the three months ended March 31, 2018.

Salaries, Wages and Benefits

Salaries, wages and benefits increased \$0.5 million, or 1.2%, to \$40.6 million for the three months ended March 31, 2019, from \$40.1 million for the three months ended March 31, 2018. The increase in salaries, wages and benefits is primarily related to the acquisition of AdCare on March 1, 2018 as partially offset by reductions in force completed in late 2018 and the first quarter of 2019 to better align salaries, wages and benefits costs with ADC.

Client Related Services

Client related services expense decreased \$1.7 million, or 22.0%, to \$6.0 million for the three months ended March 31, 2019, from \$7.7 million for the three months ended March 31, 2018. The decrease in client related services is primarily related to the consolidation and exit of certain markets as previously discussed under Recent Developments as partially offset by the acquisition of AdCare on March 1, 2018.

Advertising and Marketing

Advertising and marketing expense increased \$0.7 million, or 26.8%, to \$3.3 million for the three months ended March 31, 2019, from \$2.6 million for the three months ended March 31, 2018.

Professional Fees

Professional fees increased \$0.5 million, or 12.9%, to \$4.1 million for the three months ended March 31, 2019, from \$3.7 million for the three months ended March 31, 2018.

The increase in professional fees was primarily related to increased legal costs related to certain litigation, government relations and regulatory matters.

Other Operating Expenses

Other operating expenses increased \$0.8 million, or 7.3%, to \$11.4 million for the three months ended March 31, 2019, from \$10.6 million for the three months ended March 31, 2018. The increase in other operating expenses is primarily related to the acquisition of AdCare on March 1, 2018 partially offset by the exit of certain markets as previously discussed under Recent Developments.

Litigation Settlement

Litigation settlement expense decreased \$4.0 million, or 144.4%, to \$(1.2) million for the three months ended March 31, 2019, from \$2.8 million for the three months ended March 31, 2018. The decrease primarily relates to insurance recoveries for settlement costs.

For further discussion of significant legal matters, see Note 16. Commitments and Contingencies to our condensed consolidated financial statements included in this Quarterly Report.

Depreciation and Amortization

Depreciation and amortization expense decreased \$1.1 million, or 20.5%, to \$4.3 million for the three months ended March 31, 2019, from \$5.5 million for the three months ended March 31, 2018. The decrease in other operating expenses is primarily related to the consolidation and exit of certain markets as previously discussed under Recent Developments as partially offset by the acquisition of AdCare on March 1, 2018.

Gain on Sale

The Company recognized a gain on sale of \$1.0 million for the three months ended March 31, 2019 related to the sale of our Townsend subsidiary.

Acquisition-Related Expenses

Acquisition-related expenses decreased \$0.3 million to zero for the three months ended March 31, 2019 from \$0.3 million for the three months ended March 31, 2018.

Interest Expense

Interest expense increased \$3.6 million, or 52.9%, to \$10.3 million for the three months ended March 31, 2019, compared to \$6.7 million for the three months ended March 31, 2018. The increase in interest expense was primarily the result of increased borrowings and an increase in the average interest rate on outstanding debt.

Outstanding debt at March 31, 2019 was approximately \$354.8 million, compared to \$312.3 million at March 31, 2018. Our weighted average interest rate on outstanding debt at March 31, 2019 was 11.15% compared to 8.5% at March 31, 2018.

Refer to Note 11. Debt for additional information on outstanding debt.

Income Tax Benefit

The provision for income taxes reflects an effective tax rate of 0.1% and 4.3% for the three months ended March 31, 2019 and 2018, respectively. The difference in the Company's effective tax rate for the three months ended March 31, 2019, when compared to the prior year, was primarily due to the change in the valuation allowance the Company now maintains against certain state and federal deferred tax assets.

Net Loss Attributable to Noncontrolling Interest

For the three months ended March 31, 2019, net loss attributable to noncontrolling interest was \$2.1 million compared to \$1.9 million for the three months ended March 31, 2018. The net loss attributable to noncontrolling interest is directly related to our consolidated VIEs.

Liquidity and Capital Resources

General

Our primary sources of liquidity are net cash generated from operations, borrowings under the 2019 and 2017 Credit Facilities, anticipated access to debt markets and anticipated proceeds from sale-leaseback transactions. We believe our existing debt agreements provide flexibility for future secured or unsecured borrowings.

We expect that our future funding for working capital needs, capital expenditures, long-term debt repayments and other financing activities will continue to be provided from some or all of these sources. Our future liquidity could be impacted by a decrease in our net cash generated from operations due to a decrease in payments from commercial insurance companies or our ability to access debt markets, which may be restricted as a result of our leverage capacity, existing or future debt agreements, credit ratings and general market conditions.

We anticipate that our current level of cash on hand, internally generated cash flows and borrowings under the 2019 and 2017 Credit Facilities in combination with any access to debt markets and/or anticipated proceeds from sale-leaseback transactions will be sufficient to fund our anticipated working capital needs, debt service and repayment obligations and capital expenditures for at least the next twelve months.

Cash Flow Analysis

Our cash flows are summarized as follows (in thousands):

	<u>March 31,</u>		<u>Change</u>
	<u>2019</u>	<u>2018</u>	
Used in operating activities	\$ (9,583)	\$ (18,999)	\$ 9,416
Used in investing activities	(26)	(72,490)	72,464
Provided by financing activities	<u>22,069</u>	<u>92,012</u>	<u>(69,943)</u>
Net change in cash and cash equivalents	12,460	523	11,937
Cash and cash equivalents at end of period	<u>\$ 17,869</u>	<u>\$ 14,341</u>	<u>\$ 3,528</u>

Operating Activities

Cash used in operating activities was \$9.6 million for the three months ended March 31, 2019, compared to cash used in operating activities of \$19.0 million for the three months ended March 31, 2018. Included in the cash used in operating activities for the three months ended March 31, 2018 was \$25.0 million paid related to the Tennessee claim.

Investing Activities

Cash used in investing activities was \$26.0 thousand for the three months ended March 31, 2019, compared to \$72.5 million for the three months ended March 31, 2018. Cash used in investing activities for the three months ended March 31, 2018, was primarily related to the AdCare Acquisition.

Financing Activities

Cash provided by financing activities was \$22.1 million for the three months ended March 31, 2019, compared to \$92.0 million for the three months ended March 31, 2018. Cash provided by financing activities for the three months ended March 31, 2019, was primarily related to the net proceeds from the 2019 Senior Credit Facility. Refer to Note 11. Debt for further information regarding the 2019 Senior Credit Facility.

Financing Relationships

For a summary of the terms of our financing relationships, see Note 11. Debt to the accompanying condensed consolidated financial statements.

2019 Senior Credit Facility

On March 8, 2019, we entered into the 2019 Senior Credit Facility with Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto. The 2019 Senior Credit Facility makes available to the Company a term loan in the principal amount of \$30.0 million. The 2019 Senior Credit Facility will mature on April 15, 2020. Net proceeds from funding of the 2019 Senior Credit Facility were approximately \$23 million after the payment of fees, costs and other expenses.

The 2019 Senior Credit Facility is guaranteed by the Company's wholly-owned subsidiary, American Addiction Centers, Inc., and certain of its other subsidiaries. The obligations are secured by a first priority lien (senior to liens granted in connection with the 2017 Credit Facility) on substantially all of the Company's and each subsidiary guarantor's assets.

The 2019 Senior Credit Facility bears interest at a rate per annum equal to LIBOR (with a 1.0% floor) plus 11.00% per annum. In the event of any repayment or prepayment of the 2019 Senior Credit Facility or any acceleration of the 2019 Senior Credit Facility after an event of default, the Company must make a payment equal to 1.00% of the then outstanding principal amount of the 2019 Senior Credit Facility (the "Exit Payment") if such event occurs on or prior to the date that is nine months after the closing date of the 2019 Senior Credit Facility (the "2019 Senior Credit Facility Closing Date"). The Exit Payment will be increased by an additional 1.0% at the end of each 30-day period after the nine-month anniversary of the 2019 Senior Credit Facility Closing Date until the 2019 Senior Credit Facility matures.

Amendments to the 2017 Credit Facility

In connection with the 2019 Senior Credit Facility, on March 8, 2019, we entered into the Amendment to the 2017 Credit Facility together with the required lenders party thereto, Credit Suisse AG, as administrative agent and collateral agent, and the other loan parties party thereto, amending that certain Credit Agreement (the "2017 Credit Facility"), dated as of June 30, 2017, by and among the Company, Credit Suisse AG, as administrative agent and collateral agent, and the lenders party thereto.

The Amendment to the 2017 Credit Facility increased the interest rate on the term loans outstanding under the 2017 Credit Facility (the "2017 Term Loans") by, at the Company's option, either (i) 2.00% per annum (which shall be reduced to 1.00% per annum if the Senior Secured Leverage Ratio Condition as defined in the amended 2017 Credit Facility is satisfied), payable in cash or (ii) 4.00% per annum, payable-in-kind. In addition, the Amendment to the 2017 Credit Facility increased the commitment fee for the undrawn portion of the revolving credit facility under the 2017 Credit Facility from 0.50% to 1.00% per annum.

If the Company has repaid all indebtedness under the 2019 Senior Credit Facility, the Amendments to the 2017 Credit Facility requires the Company to use net cash proceeds of certain asset sales and other dispositions of property to prepay outstanding term and revolving credit loans. If the 2017 Term Loans are prepaid at any time, the Amendment to the 2017 Credit Facility requires the payment of (i) a 2.00% premium if paid on or prior to the first anniversary of the closing of the Amendment to the 2017 Credit Facility and (ii) a 1.00% premium if paid after the first anniversary but before the second anniversary of the closing of the Amendment to the 2017 Credit Facility.

The Amendment to the 2017 Credit Facility amended financial covenants with respect to the Senior Secured Leverage Ratio (as defined therein) and contains budgeting and lender reporting covenants that mirror those contained in the 2019 Senior Credit Facility. It also restricts certain Company actions, including certain acquisitions and joint venture arrangements.

On March 1, 2018, in conjunction with the AdCare Acquisition, we secured a \$65.0 million incremental term loan commitment under the 2017 Credit Facility. In connection with the incremental term loan, we incurred \$2.6 million in deferred financing costs related to underwriting and other professional fees.

On March 1, 2018, and also in conjunction with the AdCare Acquisition, in consideration for covenants and agreements set forth in the Purchase Agreement, we issued the AdCare Note to the Seller in the original principal amount of \$9.6 million, which matures on September 29, 2023 and accrues interest at a fixed rate per annum equal to 5.0%, compounded annually. Payments of principal and interest pursuant to the AdCare Note commenced on April 30, 2018 and will continue monthly until the maturity date.

2017 Credit Facility

On June 30, 2017, we entered into the 2017 Credit Facility (as defined above) with Credit Suisse AG, as administrative agent for the lenders party thereto. The 2017 Credit Facility initially made available to us the 2017 Term Loan (as defined above) in the aggregate principal amount of \$210.0 million and the \$40.0 million 2017 Revolver (as defined above). The 2017 Credit Facility also provides for standby letters of credit in an aggregate undrawn amount not to exceed \$7.0 million. We incurred approximately \$12.9 million in debt issuance costs related to underwriting and other professional fees, of which \$7.6 million related to the 2017 Term Loan and \$5.3 million related to the 2017 Revolver.

The proceeds of the 2017 Term Loan were used by the Company to (i) prepay all existing indebtedness outstanding under the 2015 Credit Agreement (as defined below) and the Deerfield Facility (as further described below), (ii) to pay transaction costs associated with the foregoing and (iii) for general corporate purposes. The proceeds of the 2017 Revolver drawn at closing were used (i) to pay the Deerfield Consent Fee in full, (ii) to pay transaction costs associated with the foregoing and (iii) for general corporate purposes. Proceeds from any additional borrowings under the 2017 Revolver will be used solely for general corporate purposes.

The 2017 Term Loan matures on June 30, 2023, and the 2017 Revolver matures on June 30, 2022.

On September 25, 2017, we entered into the Incremental Agreement, relating to the 2017 Credit Facility. The Incremental Agreement provided for an increase in our existing revolving line of credit from \$40.0 million to \$55.0 million. This was entered into in connection with providing financing and debt capacity for operations and the then pending AdCare acquisition.

On October 6, 2017, in conjunction with our pending acquisition of AdCare, we also secured a \$65.0 million incremental term loan commitment in conjunction with the 2017 Credit Facility, subject to customary closing conditions and regulatory provisions.

Financing Lease Obligation

On August 9, 2017, the Company closed on a sale-leaseback for \$25.0 million (the “2017 Sale-Leaseback”), in which subsidiaries of the Company sold two drug and alcohol rehabilitation outpatient facilities and two sober living facilities: the Desert Hope Facility and Resolutions Las Vegas, each located in Las Vegas, Nevada, and the Greenhouse Facility and Resolutions Arlington, each located in Arlington, Texas (collectively, the “Sale-Leaseback Facilities”).

Simultaneously with the sale of the Sale-Leaseback Facilities, the Company, through its subsidiaries, entered into an operating lease, dated August 9, 2017, in which the Company will continue to operate the Sale-Leaseback Facilities. The operating lease provides for a 15-year term for each facility with two separate renewal terms of five years each if the Company chooses to exercise its right to extend the lease term.

The initial annual minimum rent payable from the Company is \$2.2 million due in equal monthly installments of \$0.2 million. On the first, second and third anniversary of the lease date, the annual rent will increase 1.5% from the annual rent in effect for the immediately preceding year. On the fourth anniversary of the lease date and thereafter during the lease term, the annual rent will increase to the amount equal to the CPI Factor (as defined in the Lease) multiplied by the annual rent in effect for the immediately preceding year; provided, however, that the adjusted annual rent increase will always be between 1.5% and 3.0%.

Due to the nature of the agreement and because of our continuing involvement in the Sale-Leaseback Facilities, the transaction does not qualify for sale-leaseback accounting under GAAP. Therefore, the Sale-Leaseback Facilities will remain on our balance sheet and will continue to be depreciated over the remaining life of the asset. We accounted for the \$25.0 million of proceeds, less \$0.4 million of transaction costs, as a financing obligation, of which \$0.1 million was classified as a short-term liability. On a monthly basis, a portion of the payment is allocated to principal, which reduces the obligation balance, and interest, computed based on our incremental borrowing rate.

Consolidation of VIEs

The Professional Groups engage physicians and mid-level service providers to provide professional services to our clients through professional services agreements with each treatment facility. Under the professional services agreements, the Professional Groups also provide a physician to serve as medical director for the applicable facility. The Professional Groups either bill the payor for their services directly or are compensated by the treatment facility based on fair market value hourly rates. Each of the professional services agreements has a term of five years and will automatically renew for additional one-year periods.

We provided the initial working capital funding in connection with the formation of the Professional Groups and recorded the balance as a receivable on our balance sheet. We make additional advances to the Professional Groups during periods in which there is a shortfall between revenue collected by the Professional Groups from the treatment facilities and payors, on the one hand, and the Professional Group’s contracting expenses and payroll requirements, on the other hand, thereby increasing the balance of the receivable. Excess cash flow of the Professional Groups is repaid to us, resulting in a decrease in the receivable. The Professional Groups are obligated to repay these funds and are charged interest at commercially reasonable rates. The receivables due to us from the Professional Groups are eliminated in consolidation as the Professional Groups are VIEs of which we are the primary beneficiary.

We have entered into written management services agreements with each of the Professional Groups under which we provide management and other administrative services to the Professional Groups. These services include billing, collection of accounts receivable, accounting, management and human resource functions. Pursuant to the management services agreements, the Professional Groups’ monthly revenue will first be applied to the payment of operating expenses consisting of refunds or rebates owed to clients or payors, compensation expenses of the physicians and other service providers, lease payments, professional and liability insurance premiums and any other costs or expenses incurred by us for the benefit of the Professional Groups and, thereafter, applied to the payment of a management fee equal to 20% of the Professional Groups’ gross collected monthly revenue. As described above, we also provide financial support to each Professional Group on an as-needed basis to cover any shortfall between revenue collected by such Professional Groups from the treatment facilities and payors and the Professional Group’s contracting expenses and payroll requirements. Through these arrangements, we are directing the activities that most significantly impact the financial results of the respective Professional Groups; however, treatment decisions are made solely by licensed healthcare professionals employed or engaged by the Professional Groups as required by various state laws. Based on our ability to direct the activities that most significantly impact the financial results of the Professional Groups, provide necessary funding and the obligation and likelihood of absorbing all expected gains and losses, we have determined that we are the primary beneficiary, and, therefore, consolidate the seven Professional Groups as VIEs.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Our interest expense is sensitive to changes in market interest rates. With respect to our interest-bearing liabilities, our long-term debt outstanding at March 31, 2019 consisted of \$346.2 million of variable rate debt with interest based on LIBOR, plus an applicable margin. A hypothetical 1.0% increase in interest rates would decrease our pre-tax income and cash flows by approximately \$3.5 million on an annual basis based upon our borrowing level at March 31, 2019.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

As previously disclosed in Item 9A of our Annual Report on Form 10-K for the year ended December 31, 2018, management had concluded that there was a material weakness in internal control over financial reporting related to its previously issued annual financial statements included in the Company's Annual Report on Form 10-K for the years ended December 31, 2017 and 2016 and the unaudited financial statements included in the Company's quarterly reports on Form 10-Q for the quarters ended September 30, 2018 and 2017, June 30, 2018 and 2017, and March 31, 2018 and 2017. While the Company has restated the financial statements for those periods, we are in the process of remediating the material weakness as of the end of the period covered by this Quarterly Report on Form 10-Q.

Management conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. Based on this evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were not effective as a result of the material weakness discussed above. Notwithstanding the identified material weakness, our management has concluded that the unaudited condensed consolidated financial statements in this quarterly filing on Form 10-Q fairly present, in all material respects, our financial position, results of operations and cash flows as of and for the periods presented in conformity with GAAP.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)) during the period covered by this Quarterly Report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may be engaged in various lawsuits and legal proceedings in the ordinary course of our business. Except as described in Note 16 to the Company's condensed consolidated financial statements included in this Quarterly Report and incorporated by reference in this Part II, Item 1, we are currently not aware of any legal proceedings the ultimate outcome of which, in our judgment based on information currently available, would have a material adverse effect on our business, financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information contained in this Quarterly Report, the risks and uncertainties that we believe could materially affect our business and financial condition, or future results and are most important for you to consider are discussed in our most recently filed Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. Additional risks and uncertainties which are not presently known to us, which we currently deem immaterial or which are similar to those faced by other companies in our industry or business in general, may also materially and adversely affect any of our business, financial position or future results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Not applicable.

Exhibit 31.2

CERTIFICATION PURSUANT TO SECURITIES EXCHANGE ACT RULES 13A-14 AND 15D-14 AS ADOPTED PURSUANT TO SECTION 302 OF SARBANES-OXLEY ACT OF 2002

I, Andrew W. McWilliams, Chief Financial Officer, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of AAC Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
